TO WHOM IT MAY CONCERN

I have seen the works of Shri Malay Ghosh, Chairman of Hashi Decorative & Associates at Paradip. He has very successfully executed cavanas, waterfalls and other works of ornamental landscaping. His works are innovative, well designed and neatly executed.

Shri Malay Ghosh is a Rotarian with a keen interest in environmental development and reuse of industrial scrap. His works at Smruti Udyan, developed in the memory of supercyclone of 1999 and at the sea beach of Paradip are indeed commendable.

I wish him all success in life.
